D.O.D. Yesterday I received your letter, Finland, Suomi, papers, the dress, many thanks, not there is lots to read. The weather is close, it rained all the night, it feels rather like thunder. We are getting very nicely, we speak with the English folks of the Moscovites, & the French lady, not that we don't feel as all alone. The boys are still here, & are in the best of health in the place. Best love to Miss & Mrs. your old friend
